

January 22, 2018

Hello! My name is [REDACTED] and I am a junior at Medina Valley High School and a proud member of the Medina Valley FFA! I am exhibiting my first swine project this year at the Medina County Junior Livestock Show. I purchased my project from a breeder in Sabinal with funds I obtained from my part-time job at Dairy Queen. I have worked dedicatedly to see that my project is fed and cared for daily since September. I feed Lindner's feeds and supplements and built my pen from supplies I bought with money I earned at Dairy Queen. My swine project is a 250 pound hampshire barrow named Tuesday. He has excellent temperament and is always hungry! He even laid down to be clipped this week!

I would love to invite you to watch me show my swine project Thursday, January 25th at the Medina County Fair Grounds. I would also like to invite you to the auction on Saturday, January 27th at the Medina County Fair Grounds to support my swine project. With funds obtained from the auction I plan to purchase another swine project for my senior year and earn money for college. I plan to study animal science and work towards the welfare of livestock and small animals upon graduating. Thank you for your time and commitment to the youth of Medina County. I hope to see you this week at the Medina County Junior Livestock Show!

Thank you,

[REDACTED]

Medina Valley FFA
